## **SUPPLEMENTARY INFORMATION:**

### **Correction of Error**

On December 26, 2012 (77 FR 75947), we published a petition finding and proposed rule to reclassify the continental U.S. breeding population of wood stork from endangered to threatened under the Act (16 U.S.C. 1531 et seq.). In that publication, we supplied an incorrect docket number for commenters to use when they send us comments. We are publishing this notice to clarify that the correct docket number is **FWS–R4–ES–2012–0020**. However, if you already submitted a comment, you need not resubmit it.

### *Commenting Online*

In our December Federal Register publication, we inadvertently asked commenters wishing to submit comments online via <http://www.regulations.gov> to search for our docket using the incorrect docket number, which actually did not appear anywhere on the regulations.gov site. However, users who searched based on key words (e.g., species name) rather than on the incorrect docket number were able to find the document and comment successfully. These comments have been placed into the correct docket. Therefore, if you already submitted a comment via regulations.gov, you need not resubmit it.

### *Commenting via U.S. Mail or Hand-Delivery*

We also asked commenters submitting hardcopy comments to refer to this incorrect docket number in their comments. However, comments we received by U.S. mail or hand

delivery will be routed to the correct docket. If you already submitted a hardcopy comment, you need not resubmit it.
